Purchasing sanitization and cleaning supplies for LEA operated buildings.

- What sanitization and cleaning needs are ***specific to your LEA***? How has COVID-19 changed or influenced your focus?
- What sanitization and cleaning areas have you found to be your strengths? Which are your weaknesses? How can you use this funding to support these areas?
 - Have you considered the need to continue providing and purchasing PPE and sanitization services into the new 2021-2022 school year?
- Reach out to teachers and staff to inquire what supplies would make them feel the most comfortable and safe at work. Try sending out a survey with a variety of options for responses.
- What sanitization or disinfecting services are you currently using? Could these be expanded upon for more thoroughness? Have you considered needing these services in the upcoming school years?
 - Consider creating sanitization stations throughout your schools.
